

USMAN

DIGITAL UI DESIGNER

I'm a UAE-based Digital Designer with over 10 years of experience focused on crafting clean, user-centric digital interfaces across web, mobile, and enterprise platforms. My expertise lies primarily in UI/UX design, with a strong track record of delivering thoughtful, intuitive solutions for both private clients and government projects in the UAE. Alongside UI/UX, I also have working knowledge of 2D animation, which I apply to enhance visual communication and social content when needed. This adds an extra layer of creativity to my design work, especially in storytelling and motion-based interactions. I'm passionate about blending aesthetics with usability—translating complex ideas into seamless, engaging digital experiences. I stay up-to-date with design trends and technologies, ensuring every project I take on is built for clarity, performance, and long-term impact.

EXPERIENCE

2024-April

UI Designer

Department Of Municipalities And Transport (DMT) **Abu Dhabi**

Designed apps, dashboards, and internal system interfaces for government platforms with a focus on usability, accessibility, and design consistency. Improved user flows and visual clarity across citizen-facing and internal systems. Created responsive, scalable design systems in Figma aligned with government standards. Collaborated with developers and stakeholders to deliver functional, user-centered digital solutions that support both operational and strategic goals.

2019-2024

Digital Designer

Hashtag Studio **Dubai** | www.Hashtagstudio.com

Designed UI for digital platforms along with visual content for websites and social media. Created graphics, layouts, and animations to enhance engagement and maintain brand consistency. Collaborated with teams to deliver high-quality, user-focused design solutions.

2016-2018

UI/Designer - Front End Developer

Boopin **Dubai** | www.boopin.com

Focused on optimizing user interfaces for improved user experience, collaborating closely with stakeholders. Also created engaging visual content for social media platforms to increase brand visibility and user engagement, maintaining consistency with brand guidelines.

2015-2015

UI/Designer - Front End Developer

Glim Digital **Dubai** | www.theglim.com

I have contributed to the creation of visually appealing and user-friendly websites. Collaborating closely with design teams, I translated design mockups into responsive web pages using HTML, CSS, and JavaScript. My responsibilities also included ensuring cross-browser compatibility and optimizing performance for various devices.

2013-2015

Web Designer

Spectrum-Its **Dubai** | www.spectrum-its.com

Website Design & front End Development

STRENGTH

With over 10 years of experience in digital design, my strengths lie in creativity, precision, and a deep commitment to user-centric thinking. I'm passionate about crafting seamless digital experiences that combine functionality with visual clarity—whether for enterprise platforms, mobile apps, or public-sector solutions. I bring a meticulous eye for detail and a strong understanding of how thoughtful design can drive engagement and usability. I thrive in collaborative environments, working closely with developers, stakeholders, and cross-functional teams to turn complex ideas into clean, intuitive designs. Adaptable and solutions-focused, I stay ahead of industry trends and tools to ensure every project I deliver is not only modern but also meaningful. My ability to balance innovation with structure helps me consistently exceed expectations and deliver impactful, high-quality design outcomes.
